TONIGHT AND TOMORROW

RED CROSS HELPS SOLDIER BOY AND HIS BRIDE REACH THEIR NEW HOME

It is remarkable how much a little aid and giving of medical and legal assistance means to a soldier boy who has been long away from home and suffering the privations of war. It is a pleasure to be able to perform these little tasks of infinite variety crowded in among the larger works which require so much time and effort, such as the relief and education of handicapped, ignorant families, the continuous campaign for the elimination of trachoma, advising tuberculosis cases,

When Johnnie Brown comes back to town, he's glad to be home, you see, with wife and Golden Sun.

GOLDEN SUN
is the cheapest and best in the end because it is steel cut—not ground—you pay for no dust and chaff. Buy it fresh in pound moisture proof packages from your grocer.

Someone rapped lightly at the Red Cross door. A boyish soldier boy entered. Shy and hesitant, he waited a few minutes before expressing his want.

He told of a pretty cottage already prepared in the sunny southland, awaiting the occupancy of his bride. Having had his insurance and her all-around money to pay, he hadn't sufficient funds left from his monthly stipend to take his wife South with him, so he had been told by the Red Cross Camp director to visit his home chapter and secure assistance.

The usual investigations made, as to marriage record, wiring camp director, etc., transportation was granted him. It was decided that it would be best that he leave that same afternoon, as his furlough was about up. He fairly ran out of the door, forgetting his embarrassment in his joy that his wife could accompany him.

The train was about due, when, well down the street he came with his wife. The father and a friend accompanied them, each carrying a bit of baggage, and very anxious to assist them in getting safely started on their journey.

His wife, a very comely girl, was beaming with joy in her reserved way. There were a few minutes in which to chat while buying the ticket. He said he expected to be discharged in six months and would return then to Portsmouth to live. He talked little else but Red Cross, saying he was grateful and would never forget the Red Cross.

The train pulled in a hearty handshake, thanks expressed again, and the happy, contented pair were on their way.

May Yet Lose Wharfboat

Wharfboat owner Fred Winter said today that the rise in the river might be sufficient to cause more damage to the local wharfboat which has been lodged on Kinney bar, 11 miles below the city, for over a week.

The boat was taken out of 35 when the river was at a stage of 38 feet. Indications are that the river will go this high on the present rise and should the stage be higher there is a possibility of the wharfboat being carried away. Every effort will be made to hold the boat on the bar.

This Medicine Recommended by a Doctor

DR. J. H. WAGNER

Is beyond a doubt that PE-RU-NA is what you need. PE-RU-NA may be purchased anywhere in tablet or liquid form.

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit.

This is what Dr. J. H. Wagner, a prominent physician of St. Louis, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bleeding after eating and other ailments. It has proved a success in all cases, with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy you that PE-RU-NA is what you need.

Trains Are Delayed

The movement of trains on all divisions of the Norfolk & Western was greatly interfered with by the storm today, officials at division headquarters said, and especially was this true of the Big Sandy division where traffic was held up by several slides of earth upon the tracks. Passenger trains are running much behind their schedules and there was no freight movements went out of the local yards at all during the day. The company's telephone and telegraph lines are down in many places, due to the storm, and is an added handicap in handling trains, while the N. & W. signal system has been crippled considerably by the sleet.

TO RESTORE ROOSEVELT'S BIRTHPLACE

NEW YORK—The birthplace of Theodore Roosevelt at 28 East Twentieth street, New York, is to be restored as nearly as possible to its condition in 1882, according to the officials of the Woman's Roosevelt Memorial Association.

An adjoining house at No. 26 has also been purchased and both structures will be remodelled to conform to the architecture of the time of the former President's birth. They will have brownstone fronts and mansard roofs and the interior of No. 28 will be made to resemble the boyhood home of the great American. Old mantels, chandeliers, and furniture will be put back in place and childhood friends of the Colonel will supervise the decorations.

A Rooseveltian library consisting of his books of rugged outdoor life and Americana and other writing and published speeches will be placed in the house at No. 26. Many other volumes the Colonel liked to read and dealing with many phases of human knowledge will be placed on the shelves.

According to the architects plans, the top floor of both houses will be utilized for an assembly hall, suitable for gathering of Boy Scouts, Camp Fire Girls or similar patriotic organizations. When completed the memorial is intended to serve as an institution for the development of sturdy, old-fashioned Americanism. Members of the committee having the project in charge include Mrs. Frederick N. Stebbins, Mrs. James Russell Parsons, Mrs. Henry L. Stinson, Mrs. Barton Hepburn, Mrs. Henry A. Wise Wood, Mrs. William Curtis Demarest, and Mrs. John Henry Drummond.

Police have been unable to find a clue to the robber who entered the home of Father Goebel, Fifth street, Thursday morning and made a getaway with a gold watch and some medals. The thief handled some gold medals, one studded with diamonds, but did not take any of them. The medals were found moved from their usual place when Father Goebel made an examination of the house Thursday morning. The medals were given to Father Goebel at college.

Akron Man Has Made 17 Pound Gain On Tanlac

Talking about medicines that help people, the one I always recommend is Tanlac for it set me right four years ago and has kept me in fine shape ever since," said C. W. Kelley of 2145 Lake street, Akron, Ohio, in a conversation with friends recently. Mr. Kelley has been a plasterer for thirty years and has followed his trade in Akron for fourteen years. He is an influential member of the Plasterers Union and well known. "Pretty soon after Tanlac was put on sale here," continued Mr. Kelley, "I began taking it and in a few weeks my troubles left me and I found that I had actually gained seventeen pounds in weight. Besides, every few months since that time, I have taken a little Tanlac to insure my good health. I don't wait until I get to feeling bad, I take it while I'm feeling good and it keeps me feeling that way. "I had been suffering for three or four years from indigestion, disordered kidneys and rheumatism. My appetite was gone, I had severe pains in my back and felt tired and worn out all the time. I could never get any sound sleep and always felt as if I was in the morning when I went to bed at night. I was continually losing weight and never felt well at any time. In damp weather my back and arms hurt so bad with rheumatism I couldn't sleep at all. My arms pinned me so bad I could hardly get my hands up to my head and it was difficult, during these attacks, for me to work at all. "Well, as I said, Tanlac soon relieved me of these troubles and I have been eating three hearty meals a day and feeling fine ever since. I used to come dragging in to my boarding house in the evenings hardly able to walk, but now you can see me stepping as spry as a young man. I'll be sixty years of age in March but no one takes me to be more than forty-five, and I can do as much work in a day as I ever could. When my friends ask me how I manage to keep in such good shape and look so young I always tell them—Tanlac is what does the trick and advise them to try it. I never have a pain of any kind, sleep like a log every night, and feel like working every day. I wouldn't think of being without Tanlac for I just think it's the greatest medicine ever made. "TANLAC is sold in Portsmouth by the Fisher & Stecher Pharmacy and the leading druggists in every town.

Lifeless Body Found Near A Switchboard

George Dunham of South Portsmouth, who died while on duty at the sub-power house of the Portsmouth Street Railway and Light Company, Tenth and Offshore streets, about 3:15 o'clock this morning, death is thought to have been caused by electrocution, as the unfortunate victim was found about 5 feet from a high voltage switchboard which had been in trouble a few minutes prior to the time the man's body was found by another employee, Raymond Steele. A small hole was burned in the man's coat sleeve, and there was a burn on his left arm about five inches from the shoulder. Another slight burn was found on the right leg below the knee, the electricity probably entering the arm and coming out on the leg. For awhile the employees and physicians were in doubt as to how the man came to his death. Usually the current leaves the body through the bottom of the feet but there were no burns on Dunham's feet. "The man on duty at the power house had been kept busy yesterday afternoon and evening, the ice on wires giving them much trouble. Last night trees coated with ice fell, tearing down many light wires. On account of this, six of the city's eight light units were turned off early to prevent some one from coming in contact with the heavily charged wires which hung over streets and sidewalks. No. 6 circuit was one of the two still on at 3:30 o'clock. Dunham had properly turned off the other units when trouble was reported, or trouble shown through the switchboard. Steele, who is a trouble maker, was on duty with Dunham last night and he left the power house to go to Adams' bakery, a half square away, for some pies. He was on his way back when he noticed the lights on one of the switchboards flash. This indicated trouble, so he hurried to the power house and called for Dunham. He received no response and then started to throw the switch off himself. He went to board No. 6, but before he reached the board he found the body of Dunham, the lifeless form hanging about five feet from the switchboard. Steele called Harold Brady and Charles Bard from the street railway office across the street, and they tried to revive the man. Mrs. Dunham and Bernard were also called and when they arrived they pronounced the man dead. Coroner J. D. Hendrickson was called and ordered the body removed to Dunham's morgue where it will be prepared for burial. On account of lack of eye witnesses details as to just how Dunham came to his death will never be known. The Wuerster Bros. and dealers everywhere are authorized to guarantee them.

MR. SCHIRMANN EXPLAINS HIS ATTITUDE ABOUT SALARY INCREASE

Editor of Times:—I think it my duty to inform the public more exact on last Council proceedings, as your reporter left out the important points. At our first meeting of the finance committee, of which I am a member, our mayor was there and gave in a letter the amount he wanted appropriated for his department, and when it came to clerk for the mayor, he said that he did not need any. Then when the finance committee adjourned, the mayor called our attention to the increase in safety director's salary and he was told it would receive consideration. So the next time the finance committee met, the mayor asked for an appropriation of \$4500 for 6 months mayor's clerk. I therefore made the motion at our meeting, a surprise to all, to repeat the ordinance creating the position of mayor's clerk, as he does not hold

Has He Found a Cure for Asthma?

Simple Prescription Gives Instant Relief. Makes Breathing Easy.

In New England, where Bronchitis, Asthma, Croup and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidase, a physician's prescription. Oxidase is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of relieving the muscular constriction of the bronchial tubes, opening up the air passages and regulating the respiratory function. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep. So much interest has been shown that local druggists, including Wadsworth, Druggist and Apothecary, have secured a small supply and state that they are anxious to relieve the money paid for the Oxidase. It is any time this new treatment fails to give relief. Oxidase is pleasant to take, contains no harmful habit-forming drugs and is not costly. This makes their use so easy and effective.

Boy Scout News

The Scout hike planned for Saturday morning has been postponed on account of the weather. A raising meeting is expected to mark the organization of Troop 10 at Trinity church tonight. Mr. Wesley Bennett will be scoutmaster of the new troop, and Mr. Bennett's previous scouting experience with his army training will no doubt build up one of the finest troops in town. If you are a wide-awake American boy and wish to participate in clean sports and out-of-door activities, become a charter member of Troop 10. B. K. A., tonight. Troop 2 and Troop 16 of the Scout League may play their initial games at the Second Presbyterian Gym tonight. Both troops have exceptionally strong teams and a good game is expected.

LEAGUE OF NATIONS MAY BE ELECTION ISSUE

GALLATIN, Mo.—The League of Nations probably will be made an issue in the special congressional election to be held February 14 to fill the vacancy caused by the appointment of Joshua W. Alexander, former representative in Congress from this district, to the portfolio of Secretary of Commerce. Although no official announcement has been made by any of the candidates, Democratic politicians who are in touch with the situation declare that the league will unquestionably be made an issue. The principal contestants for the

Democratic nomination are Charles E. Tancy, a wealthy stockman of Liberty, Mo., and Captain J. L. Milligan of Richmond. Tancy is credited with the support of the Alexander wing of the Democratic party, while Captain Milligan is expected to inherit much of the strength of the late Judge Frank P. Diehl's of Richmond. Milligan's war record is also being put forward by his friends. He served overseas, was promoted from private to captain and was twice cited. Other candidates for the Democratic nomination are J. W. Sullivan of King City

and L. W. Reed of Breckenridge. John E. Frost of Plattburg has been nominated by the republicans over his opponent Frank B. Klepper, prosecuting attorney of Clinton county. Republican leaders profess to see hope of a victory for them in the factional struggle within the Democratic party in the district, recently intensified by the killing of Wesley L. Roberts, editor of the Gallatin Democrat, by Hugh Y. Tarwater, city clerk of Gallatin. In setting the date for the special election, Governor Gardner said that it was properly the function of the congressional committee to determine whether candidates should be selected by a primary election or by convention. He added that he had asked the attorney general of the state for an opinion on this subject, but had not heard from him as yet.

Free Hot Water

Good Health Life's Greatest Blessing

Happiness and Success Within Easy Reach of Red-Blooded Men and Women

Scientific Condition Examination

Dr. Mangan Makes Rich, Red Blood—Builds up Pale, Thin, Anemic Men and Women

Good health is the most important part of life. Without it, no vigor, no body and a keen, clear mind, no happiness and enjoyment are possible. And yet so many women, and men, whose misfortune it is to be pale, thin and anemic, hopelessly accept this condition as the lot that is theirs, and real happiness is not for them. Thousands of men and women have been restored to vigorous health and active happiness by Dr. Mangan's Pepto-Mangan. This wonderful blood tonic builds the very properties so vital to good health. It improves the blood, Pepto-Mangan, if taken for a few weeks, will enrich the blood cells that are necessary to carry nourishment and strength to every part of the body. Pepto-Mangan is safe, beneficial, pleasant to the taste. For convenience it is prepared in liquid and tablet form, both possessing exactly the same medicinal properties. Be sure to ask your druggist for "Pepto-Mangan" when you order Pepto-Mangan. "Gude's" is the genuine Pepto-Mangan. Look for the name "Gude's" on the package.—Advertisement.

Sleet And Rain Storm Still Has The City In Its Grasp

Slip, slip, splash and sneeze. Everybody blue, even as a bear. Awful walking, cars late, autos skid. On weather like this please clasp a bear.

Run poetry, but the weather is bad, too, as all Portsmouth citizens, who had to get outside this morning, will testify. The city is enveloped in a state of ice and much damage has been wrought to shade trees and telegraph, telephone and electric light wires by one of the heaviest sleet and rain storms in recent years. The railroad companies have also experienced much trouble from the storm and all through trains are running behind their schedules.

Limbs from many shade trees throughout the city have fallen under the weight of the sleet clinging to their branches. The rainfall during the past 24 hours amounted to 1.42 inches and swelled the Ohio river to a stage of 28.5 feet, a rise of 13 feet since yesterday morning.

Be patient with the "Hello Girls" today as the telephone companies are having their troubles through damage to their systems by the heavy sleet and many wires of both the Home and Bell companies are down, a few lines being entirely out of commission. The Western Union and Postal companies are having troubles with their lines south of here where the sleet storm seems to have extended and been heaviest. The service of both companies has been impaired by the storm but they are doing everything possible to keep their lines open under the handicap.

The city fire alarm system has also been greatly interfered with and many false alarms have come in, due to high tension wires falling and coming in contact with the fire alarm lines. The alarm system at the Hill Top station was short-circuited and put entirely out of commission last night and workmen were busy today endeavoring to locate the trouble.

Many trees have been blown down at the corner of Tenth and Gay streets, blocking Gay street at this point. Telephone wires over the city were down as a result of heavy coating of sleet on them.

A large tree was blown down on the corner of Tenth and Gay streets, blocking Gay street at this point. Telephone wires over the city were down as a result of heavy coating of sleet on them.

Ohio Jumps Up

(REUTERS) Local River Observer Fred Winter received a telegram from Weather Forecaster Devereaux this afternoon, asking for a special reading of the river stage here. At 2:30 o'clock the river stage here was 33.7 and was rising at the rate of over seven inches per hour. According to Mr. Winter there has been over three inches of rainfall here in the last three days. From seven o'clock this morning until 2:30 this afternoon, the rainfall was over 45 of an inch. Rainfall is reported at upper river cities, and according to Mr. Winter the river will go to a good stage here. A report as to what stage is expected is looked for from Forecaster Devereaux tonight. The rainfall of the past 24 hours caused a sharp rise in the Ohio river and the stream registered a stage of 28.5 ft. here this morning, a rise of 13 feet since yesterday morning. The river was rising rapidly this morning, and with the rain still falling the stream is expected to continue to creep up and may reach a stage of 30 feet or more. The rainfall during the past 24 hours amounted to 1.42 inches. In Excelsior Plant Walter Justice of Twelfth St. has taken a job in the Excelsior plant.

Flow Fishing Opportunities. The fact that good fish range down to 1,000 feet opens up hundreds of thousands of square miles of new fishing grounds, especially on the western coasts of Ireland, and Newfoundland. With improved nets and tackle fishing will in the future be carried on in far deeper water than has been in the past.

ELEMENTARY COMMENCEMENT IS A MOST IMPRESSIVE OCCASION

One hundred and three elementary students stepped from the pinnacle of the eight years of learning at the elementary commencement exercises at the High School last night, to the threshold of the four years of High School education.

A capacity audience witnessed the impressive ceremony of promotion of the largest mid-year class to complete the elementary work in the history of the local schools. Most of the young people will enter High School Monday.

The graduates were seated on a dais platform, with each row of students on a higher platform, forming an impressive sight. The girls wore white middie suits with red ties, while the boys were attired in dark suits.

The auditorium was decorated with ferns and palms.

In the address of the evening to the young folks and the audience, Rev. George P. Horst, of the Second Presbyterian church, struck a responsive chord when he said the 3 principles of success which the young folks entering the High School would find requisite were "blood, sand and education."

"Have red America's blood in your body; sand, determination and courage; and strive to get an education," advised the speaker.

"We need backbone in order to make ourselves successful. A great many of us have wish bones where our back bones should be," said Rev. Horst.

"It is also said we are glad the girls were taking a more active part in school athletics."

Supt. Frank Appel in presenting the certificates of promotion urged the parents to believe in their children, and the children to have confidence and believe in themselves.

Of the 103 graduates, 57 are from the Garfield school to which an address is being made, and Supt. Appel pointed out the growth of that section of the city in the unusual number of students graduating from that school in the present class.

Claims Wife Neglected Him For Other Men
Miss Ruth Luke, 15 year old girl, of Fullerton was so badly burned Wednesday afternoon about four o'clock when her clothes caught fire from a stove in which she was building a fire that she succumbed to her injuries at five o'clock this morning, the final summons coming at the home of her grandmother, Mrs. Mary Corey, with whom she made her home.

All efforts possible were made by Dr. F. W. Meadows, of Fullerton, to save the girl's life but his help was useless, hours being too serious. Miss Luke was well liked and has a host of friends who regret to learn of her tragic death.

The young girl had started to build a fire to prepare the evening meal when her dress caught fire. In her excitement, when she discovered her clothing afire she ran outside, the wind making the flame burn faster. Men passing near the house were attracted by the girl's screams, caught her and rolled her in the snow to put out the flames. Miss Ruth's hair was burned off, her neck and arms were burned and her hands were blistered when she attempted to tear away her clothes.

PLAN HUGE MODEL LEPRO HOSPITAL
RIO DE JANEIRO, BRAZIL—A huge model leper hospital, intended to accommodate several hundred lepers of both sexes and all ages, is being built some distance outside the city of Rio de Janeiro. It is claimed that the institution will place Brazil in forefront of any country in the world in the fight against the dread disease. Laboratories, with staffs of experts, for research into the disease on the most complete scale will be established within the hospital.

The leper colony will have separate departments for single men and women, children and married persons. It will have its own church, postal and

telegraph office, police and fire departments, light and water services and cemetery.

Illustrating progress.
The Chicago Tribune says: "If man, a curious animal, had been deterred by fear of the unknown, we should still be lighting our fires by rubbing two pieces of wood together." As it is, we have followed our curiosity, and have achieved matches, pieces of wood, with which we start our fires by rubbing not two, but twenty-five or thirty up and down the wall and over the stove. Sometimes there is gas in the stove, which ignites from the match, and makes a fine fire.—Kansas City Star.

WOMEN OF OHIO—

What Your Neighbors Say

Cleveland, Ohio.—In my early married life I had woman's trouble. I took medicine of different kinds but did not get any relief until I began taking Dr. Pierce's Favorite Prescription and two bottles completely cured me of my weakness and I afterward became the mother of strong, healthy children. "Favorite Prescription" made a new woman of me and I am glad to recommend it. I want to say that women who are weak and ailing should give this wonderful woman's medicine a trial. —Mrs. MARY VORW, 2460 E. 82nd St., Eureka, Ohio.

Findlay, Ohio.—"For many years I have been a user of Dr. Pierce's medicine and have found them excellent. I have taken 'Favorite Prescription' for an ailment from which so many women suffer and it proved very beneficial. I have taken the 'Golden Medical Discovery' and found it excellent as a spring tonic or blood purifier and for deep-seated coughs. 'I found the 'Pleasant Pellets' especially good for constipation, bilious attacks and as a liver regulator. 'The above medicines are all good and I take pleasure in recommending them to others.' —Mrs. MARY VORW, 339 Wilson St., Eureka, Ohio.

Lyra, Ohio.—"Dr. Pierce's Favorite Prescription is the very best tonic a woman can take. I had become all run-down and nervous 'could not sleep. I had no appetite and having heard of 'Favorite Prescription' I decided to give it a trial, and the results were very satisfactory to me for it built me up and made me feel like a different person." —Mrs. J. T. BIRLEY, 238 Winkles St., Eureka, Ohio.

2,000 Pounds Pork Burns

Fire yesterday destroyed the smokehouse of N. H. Winkle, 30-heron, together with the contents, including 2,000 pounds of pork, and other property. The blaze originated from a fire under the meat which was being smoked and the building burned while the family was away. A neighbor who discovered the flames succeeded in saving a small portion of the meat.

Inspecting Apparatus

Having definitely decided to recommend the purchase of new fire fighting equipment, Chairman Howard Runyan and his associate members of the fire committee, Alva Chabot and E. COURT HOUSE

Must Support Children
Melvin Jenkins, fifteen-year-old boy, was convicted on a charge of neglecting his children in probate court today and Judge Gilliland sentenced him to jail for 30 days, but suspended the sentence on condition that the accused pay \$3 a week toward the

support of his children. Jenkins' wife was recently found drowned in a pool of water at Twelfth and Railroad streets.

Sum Is Administrator
Joseph Albrecht, 835 Eleventh street, has been named by the probate court as administrator of the estate of his father, the late Peter Albrecht, who died Jan. 15, leaving property valued at \$5,900, all of which is represented by real estate except \$800.

Denies Wife's Charges
Answering the divorce suit of his wife Goldie DeWitt, Roy DeWitt, New Boston barber denied her charges and in his cross petition through Attorney Fick, asks that her petition be dismissed and that he be given a divorce. In his cross petition DeWitt charges the wife with neglect, cruelty and infidelity and names one George Brown as correspondent. He declares that the plaintiff neglected her home, absented herself to attend public dances frequently, declared she did not love him, threatened to blow his brains out and finally abandoned him months ago, he says.

Sues For \$10,000
Irvin Shore is demanding \$10,000 damages from The Whitaker-Glessner company in an action instituted in common pleas court today through Attorney J. O. Yates, Ironton, for personal injuries he claims to have sustained on Dec. 22 last, when an automobile in which he was riding collided with a truck belonging to the defendant. The collision occurred at New Boston and Shore claims he was hurt about the back and shoulders, in addition to suffering a broken rib.

Wife Sues for Divorce
Oliver P. Morton, N. & W. car repairer, 712 Washington street, was made defendant in an action for divorce instituted in the Hamilton county Common Pleas court in Cincinnati yesterday by his wife, Ethel Morton, in which she charges neglect and cruelty. The wife alleges that Morton drank liquor to excess, stayed out late at nights, and associated with other women, who say, besides, she declares, he was quarrelsome and on one occasion struck and blackened her eye. They were married January 27, 1909, in this city. Legal papers in the case were received today by Sheriff Ricker for service on Morton.

THOSE TWO WORDS "DOLLARS BACK" GAVE HIM FAITH

Henry Vandike, Well Known Milk Dealer, Tells a Striking Nerv-Worth Story.

That which gave this endorser faith in Nerv-Worth has given thousands of fellow sufferers the same faith: Nerv-Worth. Co.—Before taking Nerv-Worth, in fact ever since I was 17, I had serious stomach trouble. Could not eat cabbage, turnips, corn, cukes, nor many vegetables, except with serious distress. When I saw that every Nerv-Worth ad contained the words "Your Dollar back if the tonic does not help YOU," I concluded that the remedy must have real merit. I bought a bottle of it. The first bottle did me so much good that I felt encouraged to believe it would cure my indigestion if I kept on. So I took Nerv-Worth until four bottles had gotten in their work against my trouble. And Now I Am Cured. I can digest all those foods which gave me so much distress and can go to bed and sleep like a baby. Nerv-Worth also has banished all my nervousness and sleeplessness. I have taken all kinds of medicines. None gave me the satisfaction that Nerv-Worth has.

HENRY VANDIKE, Cambridge, O., Route 9, Fisher and Storch Pharmacy sells Nerv-Worth in Portsmouth. Your dollar back if this famous family tonic does not benefit you.

Wreck Victims Better

At Hempstead hospital it was stated today that Lev Dilion and William Rice, who were badly injured when the Ohio Valley traction car and the Scioville car collided near that village Wednesday, were resting comfortably. Ben Osborn, who was injured in the wreck was able to leave the hospital and was moved to his home, 1018 Ninth street.

Reading China

Generally speaking, a reading, weak chin is a poor sign in man and woman. It does not denote a warm nature, shows a lack of moral and mental force, and indicates that its possessor is easily discouraged. All the same, it does not do to sum up anyone from the chin alone. There may be other characteristics which counterbalance defects.

Tribute to Shakespeare

Only Shakespeare was endowed with that healthy equilibrium of nature whose range was elliptical, dominating all zones of human thought and action—that power of verisimilar conception which could take away Richard III from history, and Ulysses from Homer—and that creative faculty whose equal touch is alike vivifying in Shallow and Lear—Lowell.

is the best phonograph?

HOW did you decide which is the best phonograph? Did you hear them all?

All right! But did you hear them all in the same room, under exactly the same conditions?

Unless you did, you missed the whole point of the comparison.

The Edison Turn-Table Comparison gives you everything you need to make your own complete comparison. It is the first method which puts each instrument squarely up against the best it rival can do. It plays each make under the same conditions, in the same room. You can measure with scientific exactitude how good each instrument is.

Lucasville Revival Growing In Interest

The revival meetings at Lucasville are increasing in interest and power. A capacity crowd assembled on Tuesday night. The Adams sisters gave a very interesting story of their lives.

They grew up to Martha's Vineyard, off the coast of Massachusetts. They are of old Puritan stock and very religious. They are direct descendants of the famous Adams family from which the American people selected two presidents. These little women were the only small people of their immediate family and kin. They ceased to grow at an early age. The other members of the family were of normal size.

The Adams sisters are finely educated—in the public school, high

school and in college. They have had wide experience in traveling over the country. They were on the stage several years ago with the Tom Thumb company.

In recent years they have devoted their entire time in giving sacred concerts and assisting pastors in revival meetings. They have full charge of the first part of the services. They render from time to time beautiful and impressive solos and duets, piano, violin, and voice.

They give a Scripture exposition each evening and assist in personal work. They visit the schools and give helpful talks. They are fine spirited and sympathetic.

Wednesday night Miss Sara Adams rendered "Old Glory" by James Whitcomb Riley. In a most impressive way. It was the occasion of patriotic light. Thursday night was brotherhood night. Despite the inclement weather a fair crowd of secret order men turned out.

The high school students will wear their colors. The Adams Sisters will render some special features. The services Saturday night will be interesting. The pastor will preach on the "Prodigal Son." The Adams Sisters will present the story in a machine giving a dramatic touch to the story.

Sunday is to be a big day. Half Day in the Sunday school at 9 o'clock. At 2:30 a special old folks' service will be put on. The old people will be brought in machines to the service and taken home. The Adams Sisters will present touching stories of "Mother." An appropriate sermon will follow.

On Sunday night the pastor will tell his life story. Special music rendered

each night by senior chorus. The music has been of very excellent quality. The children's choir render a special selection each night. Monday will be rest day. No services whatever. Beginning Tuesday the regular schedule will be on in full swing. Afternoon service of prayer and devotion at 2:30 o'clock. Children's service at 3:30. Evening service at 7:00 o'clock. The public is cordially invited.

NUXATED IRON

Now

Relieved by over three million people usually it will increase the strength of weak persons, run-down folks in two weeks time in many cases. Ask your doctor of course.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

Freemason doesn't eat out the corns or calluses but shrivels them without any irritation.

Women! Keep freemason on your dresser and apply a few drops whenever a corn begins aching. Pain stops, corn goes!

No blisters! Any corn, whether hard, soft or between the toes, will loosen right up and lift off, without any pain.

This drug is called freemason and is a compound of other discovered by a Cincinnati chemist.

Ask at any drug store for a small bottle of freemason, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. It is the most marvellous drug known.

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic!

The Markets

NEW YORK STOCKS

NEW YORK, Jan. 23.—Contrary to general expectations, the further advance in redoubts announced last Thursday by the Federal Reserve bank exerted only a moderately adverse influence on the opening of today's stock market. Prices were generally lower, but the more extreme declines, mainly from 1 to 1 1/2 points, a general Motors, Texas company, Standard Oil and several of the minor specialties, were attributed to causes remote from money conditions. Some industrial stocks were steady and in some cases higher, though again in the latter part of the day, when the price of cotton, pressure concentrated on the motor group, shipping and commodity stocks. Heavy trading in heavy bonds and stock notes, mostly at a discount, was attributed to the better discount applicable to these securities. Several new low records were made by the war floatations, the second 4 1/2's falling to 60.00.

Stocks were not perceptibly affected by the advance in discounts, a few rounded off issues recording substantial gains. Sales approximated \$5,000,000. The closing was irregular.

Old-Fashioned "Keep-Your-Distance" Dances To Replace Modern Jazz Steps Through Plans Of Nation's Dancing Masters

NEW YORK—Old-fashioned, keep-your-distance dances, are to replace the modern jazz steps, if the nation-wide reform movement undertaken by the American National Association of Masters of Dancing proves successful. The dancing masters, it is announced here, count upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police departments—to exterminate the "half Nelson." "body hold, Shimmy legs and other imported ballroom steps, which are practiced by some dancers. Cheap and vulgar music is also to come under the ban and according to a circular just issued by the association, these in charge of community or public dances are urged to show their opposition to undesirable dances by distributing "No will please leave the hall" cards to those who persist in offending.

The women, it is charged, are often as much to blame as their partners, and in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a warning is disregarded, to oust them at once.

"You will soon see," the circular reads, "that you have raised the standard of your establishment and that the loss will be more than made up by double the number of persons who have respect for you and your dances. Some of the rules and regulations which all are urged to obey follow:

"Dance music should be bright and cheerful, properly accented and the phrases well divided. Cheap, vulgar music of the extreme 'jazz' type invites cheap, vulgar, meaningless dancing. It is useless to expect refined dancing when the music lacks refinement, for after all, what is dancing but an interpretation of music?

"The association has adopted the following tempos, it being impossible the masters say, to regulate fast dancing:

"Waltz, 48 measures to minute; Two step, 34 measures to minute; The step, 28 measures to minute; Fox Trot, 40 measures to minute.

"Dancers should assume a light, graceful position," say the masters. "There should be no jerky half-steps for these cause undesirable variations. Partners should not dance with cheeks close or touching nor should the feet be light. 'Neck holds' are positively prohibited. The gentleman's arm should encircle his partner's waist, his hand resting lightly just above the waistline. The lady's left arm should not encircle her partner's shoulders or neck.

"Steps or movements that cannot be controlled should not be taught by dancing teachers. Short steps, short steps, short steps, when done continuously, are not conducive to refined dancing and should not be permitted. 'Shimmy dancing,' a shaking or jerking of the upper part of the body while

Farnum Has Great Role in New Feature

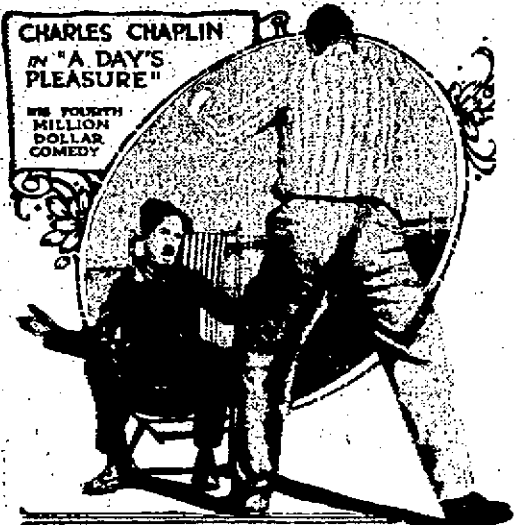

The Lyric Theatre will show tonight and also tomorrow, William Farnum in his latest, "Wings of the Morning," based on the novel of the same name by Louis Tracy. A story filled with thrilling incidents of the sea. As Captain Anstouther of the British Army, and later as a sailor on board the ocean liner, Mr. Farnum is reported to give one of the most graphic and dramatic portrayals of his brilliant career.

The story is of an English ship of the line stationed at Singapore, who, wrongfully accused by his Captain's wife, is court-martialed and disgraced from the army, becoming a sailor. He is cast upon an uncharted island after the boat has been wrecked; but he has succeeded in rescuing the daughter of the ship's owner. Their stay on the island until their rescuers is filled with thrilling episodes. The picture was directed by J. Gordon Edwards.

Croup Ends Life

Many Children Die Of Croup Every Year Before a Doctor Can Be Summoned

Parents of children who are afflicted with croup should be warned that the disease is often fatal. It is a very common ailment, especially in the winter months, and is caused by a virus which enters the body through the nose or mouth. The symptoms are a hoarse, barking cough, difficulty in breathing, and a high fever. If not treated promptly, it can lead to death.

THEATRICAL

Portsmouth theatre-goers will make no mistake in attending the Sun today and Saturday, to enjoy the splendid big-time vaudeville and motion picture program combined into one big offering for the last half of this week. There was a complete change of attractions at the matinee Thursday. In reality, two big shows are presented for the price of one admission for today and Saturday. Waleys and Leighton, a man and a pretty girl, have a veritable tumult of hilarity. Betty and Blome are a sensation in their whirling dances of today. Coden and Loken are a sure cure for the blues.

Peggy Hyland is the motion picture star. She is seen in the leading role of "The Web of Chance." This picture is an extra special Pathé production in six reels. There will be a bargain matinee for children at the Sun tomorrow at 2 o'clock.

Violent Earthquakes In Vera Cruz

MEXICO CITY, Thursday, Jan. 22.—Strong earthquake shocks were felt in the city of Vera Cruz from 3 to 5 o'clock this morning. There were no casualties, although some residences were damaged. Reports from Vera Cruz state the tremors demolished at Coatzacoalcos all structures which were not destroyed in the earthquake of January 6, while shocks lasting 20 minutes caused further damage at Salina Cruz and San Francisco de la Penas.

FLU SPREADS IN CHICAGO

CHICAGO, Jan. 22.—Influenza and pneumonia today continued to spread in Chicago and the number of persons ill with the two diseases passed the ten thousand mark. Ten per cent of convalescents and motor men on the surface lines and one-tenth of the police force were said to be among the victims. The epidemic remains in a mild form and there still is no occasion for alarm, according to Dr. John Dill Robertson, city health commissioner. The death list yesterday, with a toll of 24 for the 24-hour period, dropped only 50 per cent, but the pneumonia deaths, 43, increased more than 100 per cent. The shortage of trained nurses again became critical today.

FLU AMONG SAILORS

PHILADELPHIA—100 cases of influenza have broken out among sailors in navy yards.

FLU SPREADS IN NEW YORK

NEW YORK, Jan. 22.—Health Commissioner appeared before the city board of estimate today to request an emergency appropriation of \$50,000 for use in combating the steady spread of influenza in this city. Starting on Monday with 41 cases, influenza's grip on the city has tightened until today Dr. Copeland stated there were more than 1,500 cases and 45 deaths have been reported. The disease has not reached the epidemic stage, however, Dr. Copeland said, and the funds requested are "not to combat an epidemic but to prevent one." A total of 654 pneumonia cases with 284 deaths has been reported in the same period.

ACUTE COAL SHORTAGE

NEWS THAT U. S. TROOPS IN SIBERIA WILL BE WITHDRAWN BRINGS JOY TO SOLDIERS AND THEIR FAMILIES AT HOME

American soldiers, previously brought back, cheering arrival of boat come to take them home; group of soldiers and officers feeding from field kitchen at Vladivostok; transport America, one of the ships which will bring last contingent home, and Maj. William S. Graves, commander of the U. S. forces in Siberia.

The American soldiers still in Siberia will be returned home to the U. S. sometime during the coming summer, according to reports from Washington. The state department has notified the Japanese government that the U. S. forces in Siberia will be withdrawn as soon as the Czechoslovaks, other friendly troops, and

the American railroad commission have departed from that country. The U. S. force, officers and men, totals about 6,000. The units are the 27th Infantry, 31st Infantry and Headquarters, 4th Ambulance Company, Evacuation Hospital No. 17, Field Hospital No. 4, Service Park Unit No. 333 and Company D, 53d Telegraph Battalion. Three

ships already have been designated for the work of bringing home the U. S. boys, and transporting 36,000 Czechoslovakian troops from Vladivostok direct to Trieste. These three vessels are the America, which was the Knights of Columbus Christmas ship last year, the General Grant and the Edgely.

CONTINUE EFFORTS ON COMPROMISE

WASHINGTON, Jan. 22.—As a result of the progress during the last two days by the bi-partisan committee leaders seeking to compromise differences on the peace treaty, senators today were more hopeful of settlement of the controversy than they have been for weeks.

Reports of conference that a decided step forward has been made in the negotiations as to Article 10 of the League of Nations covenant, the chief stumbling block, and that definite agreement on that point might be expected at the committee meeting late today, revived the activities of the mild reservationists of both sides paving the way for acceptance of the committee's agreement should one be reached.

Many proposals for changes in the Lodge reservation on Article 10 were considered yesterday at the conference of the four republican and five democratic leaders and it was reported the republicans were in a mood to make material concessions regarding the form and language of the reservation, though remaining firm in their stand against any change in its fundamental principles.

One of the proposals by the democrats, which was said to have received major attention, was along the lines of the McMillan-Kendrick draft. It would declare that the United States assumes no obligation to protect foreign territory by use of her armed forces or an economic boycott without specification and approval by congress and reserves the privilege of offering good offices in adjustment of foreign disputes.

Regardless of whether the Article 10 obstacle was disposed of at the meeting today, leaders said the conference would have to extend into next week, in order that other points at issue could be considered.

TAXATION RELIEF BILL IN HANDS OF CONFEREES, STILL TALK OF AN INCOME TAX

COLUMBUS, O., Jan. 22.—The proposal before the legislature to break the Smith one per cent law as a means of providing relief for financially distressed cities and school districts was to the hands of a committee on conference representing the two houses today following the refusal last night of the house to concur in the senate amendments to the bill. The committee is composed of Senators Whittlemore, Parrett and Agnew and Representatives Freeman, Glick and Clark. The committee will meet next Tuesday and no action can be taken on the measure now until this committee meets.

House members predicted today that the house would never consent to amendment of the Smith law as proposed in the bill as it passed the senate. The senate provided that the sinking fund and interest charge may be exempted from the Smith limitation without vote of the people on bonds authorized up to January 20, 1920, and on 1920 deficiency bonds without a vote of the people. As the house passed the bill it provides that the Smith law could be broken only upon vote of the people of any taxing districts. The senate held this inapplicable.

Can't Forget Income Tax Law Failure to amend the Smith law may cause a return to consideration of an income tax law, which failed to pass recently. Representative Chester Harding county, introduced a new income tax measure in the house last night. It provides for a flat rate of 1 per cent on personal incomes and incomes of corporations and partnerships, but not on dividends of corporations. Fifty per cent of the proceeds would go to the local political subdivisions and 20 per cent to the state to pay for administration.

The latest income tax bill is the work of Chester and Representative Miller, of Stark county, the two Republicans in the house who voted against the proposed changes in the Smith one per cent law. The senate passed the bill to authorize deficiency bond to be issued for city relief in 1920.

A bill to extend present terms of county auditors to March 1923, in order to give them free rein in reorganizing real estate land to elect them for four year terms thereafter, passed the house. Both houses were scheduled to meet this morning for short sessions and then adjourned until next Monday.

No Emergency Clause The general assembly disposed of the prohibition enforcement question for good yesterday when the senate passed the new Crabbe bill by a vote of 25 to 7, without the emergency clause. J. H. Gibson, manager of the Ohio Home Rule Association, announced that a referendum would be brought on the bill, and predicted that it would suffer the same fate as the original Crabbe act.

J. A. White, dry leader, said that the three best dancers will be given a free trip to Ashland, Ky., next Thursday to compete against the best dancers of that city.

STEEG UNDER FIRE FROM DEPUTIES

PARIS, Jan. 22.—Premier Millerand and members of his cabinet are today considering the attitude of the chamber of deputies, which, although it has voted confidence in the government, has shown a certain degree of coolness to the new regime. There is no indication that the cabinet will resign as a result of yesterday's turbulent session in the chamber, but there are many who believe Jules Steeg, minister of the interior, about whom the storm centered, may surrender his portfolio, rather than embarrass the premier in the opening days of his administration. M. Millerand's victory, upon demanding a vote of confidence, while it showed a majority of 230, was considered really to be a defeat, as more than 300 members of the chamber refused to participate in the balloting.

OPENING STOCKS

NEW YORK, Jan. 22.—Contrary to general expectations, the further advance in prices announced late yesterday by the Federal Reserve Bank exerted only a moderately adverse influence on the opening of today's stock market. Prices were mainly lower, but the more extreme declines, mainly from 1 to 2 1/2 points, in General Motors, Texas company, Colorado Fuel and several of the minor specialties, were ascribed to causes remote from money conditions. Seasoned industrialists were steady and investment rails firm, though again inactive. Most losses were cancelled within the first half hour.

CARPENTIER TO VISIT GOOD OLD U. S. A.

NEW YORK, Jan. 23.—Private advice from France indicates that Georges Carpentier, European heavyweight champion, will arrive in this country about the middle of February. The French pugilist, challenger for the world's title, now held by Jack Dempsey, will come to the United States to fulfill a contract entirely outside his ring activities, but there is understood to be no obligation in this contract which would prohibit him from engaging in either exhibition or limited round boxing contests. While Carpentier's manager, Desha, refused to divulge the exact conditions embodied in the contract, various promoters appear to take it for granted that the French heavyweight will be permitted to engage in some form of restricted ring activity, and there is certain to be a wild scramble for his services.

PING BODIE TUNES UP HIS BATTIN' EYE BY DRIVING RIVETS HOME IN SHIPYARD

Ping Bodie is getting with his riveter. Ping Bodie's been hitting well over 200 in the riveting league and announces that he has his eye all keyed up to lambskin that old apple when the baseball season starts. Bodie has been working as a riveter in the shipyards at Hoboken all winter and the only time he laid off was when the papers announced the purchase of Babe Ruth by the Yanks. Bodie left his job long enough to beat it over to New York to find if the report was true.

LUMBERJACKS TIE FOR FIRST PLACE

The race for first place honors in the Masonic bowling league, was tied into three hard knots, last night, at the Playhouse alley, where the Lumberjacks, captained by Charles Springer, Esq., took the Jersey down the chutes of defeat for three in a row. In fact the Jersey had no more chance than the proverbial snow ball, being manhandled with ease and submitting to their chastisement like little children, although Captain E. C. McCoy, who was so full of turkey that he made a noise like a gobbler, threatened every one of his men with a trip to the wood shed if they did not deliver. The Lumberjacks were out for "blat" and they got it—great buckets full. Captain Springer and his men, who have announced publicly that they have designs on the flag for the first half, knew it was imperative for them to take three, and they went out and got 'em without any trouble. Captain Springer was only asking his men to follow him and he led the way with colors flying and bands playing, to falling 5-5. His men responded nobly, although they were not expected to do as well as their captain. It was some race between Springer, Daehler and Strittmatter to see which one was the better. The former won out by out-pin oter Daehler and Strittmatter was only one pin behind. Daehler—some consistency. They do better if the village Sprague is in the line to develop into a real bowler—such. The Jersey were completely outclassed from soup to nuts. Not a man rolled up to his standard or average and they were easily defeated. By winning three games the Lumberjacks tied the Norwoods and Diamonds for first place. The scores:

Old-Fashioned "Keep-Your-Distance" Dances To Replace Modern Jazz Steps Through Plans Of Nation's Dancing Masters

NEW YORK.—Old-fashioned, keep-your-distance dances, are to replace the modern jazz steps, if the nation-wide reform movement undertaken by the American National Association of Dancing Masters is successful. The dancing masters, it is announced, are counting upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police departments—to exterminate the "lax" "body hold," "hip-hug" and other imports from foreign lands, which are vulgar music is also to come under the ban and, according to the women, it is charged, are often as much to blame as their partners and, in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a warning is disregarded, to oust them at once.

TO RESTORE ROOSEVELT'S BIRTHPLACE

NEW YORK.—The birthplace of this book of rugged outdoor life and Theodore Roosevelt, at 28 East Twenty-first street, New York, is to be restored as nearly as possible to its condition in 1883, according to the officials of the Women's Roosevelt Memorial Association following a recent conference here with Theodore Pape (Mrs. John W. Riddle), the architect having the plans in charge. An adjoining house at No. 26 has also been purchased and both structures will be remodeled to conform to the architecture of the time of the Roosevelt family. They will have brownstone fronts and mansard roofs and the interior of No. 28 will be made to resemble the birthplace of the great American. Old mantels, chandeliers, and furniture will be put back in place and childhood friends of the Colonel will supervise the decorations. A Rooseveltian library consisting of Mrs. John Henry Drummond.

Boston, Preparing to Alter Some Of Its Most Cherished Features to Meet The Demands of Modern Conditions, to Slice Common

BOSTON.—Boston is preparing to alter some of its most cherished historical features, to meet the demands of modern conditions. Small streets are to be sliced from Boston Common, other historic spine, Bunker Hill Monument. Under the plan, which is a compromise arranged between the street commissioners and the Boston Common Society, Tremont and Byston streets, which bound the Common on two of its sides, will be widened to a maximum of 45 feet instead of 20 to 30 feet as first proposed. This will be accomplished without sacrifice of green space, and the city will be long-standing opposition by those who held that no considerations of modern development should disturb this revolutionary landmark and present day breathing space in the city's center. Several years ago the voters turned down a proposal to shrink the Common in order to swell the streets. But at the recent city election the voters' ground, and was one of several tracks in all but two wards declared in favor of widening the streets from Common to Byston. The wards which opposed the modern alterations are in Charlestown, east of another historic spine, Bunker Hill Monument. Street Railway Workman Electrocuted At Sub-Power House

Lifeless Body Found Near A Switchboard

George Dunham of South Portsmouth met sudden death while on duty at the sub-power house of the Portsmouth Street Railway and Light Company, Tenth and Offshore streets, about 3:45 o'clock this morning. It is thought, being caused by electrocution, as the unfortunate victim was found about 5 feet from a high voltage switchboard which had been in trouble a few minutes prior to the time the man's body was found by another employee, Draydon Steele, a small hole was burned in the man's coat sleeve, and there was a burn on his left arm about five inches from the shoulder. Another slight burn was found on the right leg below the knee, the electricity probably entering the arm and coming out on the leg. For a while the employees and physicians were in doubt as to how the man came to his death. Usually the current leaves the body through the bottom of the feet but there were no burns on Dunham's feet.

The men on duty at the power house had been kept busy yesterday afternoon and evening, the ice on wires giving them much trouble. Last night trees coated with ice fell, tearing down many light wires. On account of this, six of the city's eight fire light units were turned off early to prevent some one from coming in contact with the heavily charged wires which hung over streets and sidewalks. No. 6 circuit was one of the two still on at 2:30 o'clock. Dunham had properly turned off the other units when trouble was reported, or trouble shown through the switchboard. Steele, who is a Dunham associate, was on duty with Dunham last night and he left the power house to go to Adams' bakery, a half square away, for some pies. He was on his way back when he noticed the lights on one of the switchboards flash. This indicated trouble, so he hurried to the power house and called for Dunham. He received no response and then started to throw the switch off himself.

He went to board No. 6, but before he reached the board he found the body of Dunham, the lifeless form lying about five feet from the switchboard. Steele called Harold Brady and Charles Bard from the street railway office across the street, and they tried to revive the man. Drs. Dwyer and Berndt were also called and when they arrived they pronounced the man dead.

Coroner J. D. Hendrickson was called and ordered the body removed to Daehler's morgue where it will be prepared for burial.

On account of lack of eye witnesses details as to just how Dunham came to his death will never be known. The supposition is that he went to throw the switch and his arm hit part of the heavy charged wire. The high voltage is thought to have thrown him back from the board to the place he was found.

Dunham went to work at the power house December 4. He was brought to work by a day man, Ed. Kline, and Kline was sent to break the news to the man's wife this morning. Dunham was not left in charge of the sub-power house as he was classed as a "helper." Power house employees are snarled here and then promoted to one of the other sub-stations and then to the power house at New Boston.

Dunham is 35 years of age and is survived by a wife, Elizabeth Dunham, the widow of a sailor, and a daughter, Mrs. William Dunham, of Dayton, and one sister, Mrs. Mable Williams, of Cincinnati.

Besides his wife he leaves the following relatives, mother, Mrs. Mary Dunham, Cincinnati, three brothers, Lee and Edward of Cincinnati, Rev. Warren Dunham, of Dayton, and one sister, Mrs. Mable Williams, of Cincinnati.

GIRL DIES FROM BURNS

Miss Ruth Luke, 15 year old girl, the final summons coming at the home of friends who regret to learn of her tragic death.

The young girl had started to build a fire to prepare the evening meal and her dress caught fire. In her excitement, when she discovered her clothing afire she ran outside, but when she attempted to tear away her clothes.

Men passing near the house were attracted by the girl's screams, caught her and rolled her in the snow to put out the flames. Miss Luke's hair was burned off, her neck and arms were burned and her hands were blistered. She was taken to the hospital where she died.

Joint Installation Is Greatly Enjoyed

The joint installation of officers of Canton Orient No. 67, Patriotic Militant, I. O. O. F., and Ladies' Militant Auxiliary, Orient No. 12, Thursday evening was very impressive and was carried out with all the pomp and ceremony that obtain in the militia.

Major T. M. Lynn was the installation officer for both lodges, and both orders were out in force, notwithstanding the almost impassable condition of the streets.

The new officers of Canton Orient are: Commandant, Frank Gullick; Lieutenant, Chas. Rice; Ensign, Ernest S. White; Clerk, Lieut. Col. J. T. Holstetter; Accountant, A. A. Hanson; Standard Bearer, James McDaniels; Guard, J. R. Buckley; Picket, J. S. Kerr; Sentinel, Chas. C. Cooper.

The new officers of Orient No. 12 are: President, Mrs. Mary Gullick; Secretary, Mrs. Rosalie White; Treasurer, Mrs. Lydia M. Rowe.

After the installation ceremonies the command under direction of Lieut. Col. J. T. Holstetter, gave a fine exhibition drill, a really splendid performance of the many different evolutions, which evoked applause.

The banquet which followed was very pleasing and closed a delightful evening.

George Hauck, the retiring commander, is an "all old fellow" and has endeared himself to all members of the command by his uniform courtesy. His successor, Capt. Frank Gullick, is also an earnest hard worker in Old Fellowship and will keep Canton Orient where it is now—right on front.

CRIMEAN PENINSULA IS CUT OFF

LONDON, Jan. 22.—Russian border forces have virtually cut off the Crimean peninsula from the mainland, according to an official statement issued at the war office in Moscow and received here by wireless.

"Our advancing troops are fighting about six miles north of Perekop and have repelled enemy counter attacks about nine miles west of Genischek," the statement says. "In the Steppe region, further east, we have defeated the third Russian division, capturing its divisional staff."

Another Moscow dispatch reports anti-Holstetnik forces evacuating Elizabeth Grad, in the northern part of the government of Kherson, and hurriedly retreating toward the Black sea coast.

COMMERCIAL AIR NAVIGATION IS COMING AND UNITED STATES MUST PREPARE TO MEET ISSUE

WASHINGTON — Commercial air navigation is coming and the United States must prepare to meet that issue, declared Colonel William C. Hensley, in a report to the Air Service, United States Army, from Germany, where he is studying dirigibles.

"Airships are now possible in any kind of condition of weather," Colonel Hensley wrote. "No weather conditions, except a strong cross-wind, prevent the boldness, the commercial airship built since the armistice by the Zeppelin Airship Corporation at Friedrichshafen on Lake Constance, from making its daily flight (200 miles) to Stuttgart, 15 miles from Berlin."

"Because she flies between Berlin and the natural outlet to Switzerland, the accommodations are at a premium. Bookings have been made four weeks in advance at 475 marks."

"The design of the Bollnass is the latest in airships, so far advanced over anything I have ever seen, that one is led to express the opinion that, in airship construction (and operation as well), all other countries are mere babes in the woods compared to the Germans."

"Our airship construction and operation should be patterned after the most efficient system. There is no doubt in my mind that that system lies in Germany."

"Commercial air navigation is coming and we must meet that issue very soon. Let us be prepared to choose our course so that we shall make as few mistakes as possible. The building up of the present small commercial enterprise in Germany has meant numerous heartbreaking experiences. Millions of marks have been lost in the beginning, and lives of members of crews have been lost, but let it be said, to the eternal credit of the man with the fixed idea and of his subordinates, that not a single passenger carried on a Zeppelin airship has been injured or killed—and to date, the total carried has reached the sum of 100,000."

"This statement does not mean that casualties will not occur. Irresponsible boys can take airships in the air and bring them down in flames in the heart of a large city, or careless officers and men may explode a dirigible on the ground and burn a number of spectators; but we can at least control our service along scientific, known principles, that can be obtained from an intimate study of the German methods, and thus minimize the number of disasters."

"America is by nature the chosen spot of all the world for commercial airship work, with her great expanse of territory within, with her far flung territories and insular possessions, with her commercial possibilities in Central and South America, with her centers of population dispersed so as to require more rapid transport than yet in operation, with her push and energy that bids for supremacy in all things good, with her sense of being unequalled in all the world, should feel strong for that which is unquestionably, her way in the path of progress."

Claims Wife Neglected Him For Other Men

Accusing his wife of improper conduct with other men and charging her with neglect, Cecil Burton is seeking a divorce instituted in common pleas court yesterday through Attorney T. H. Beatty against Lora Burton, 244 Front street, whom he married March 11, 1919, in this city.

In his petition Burton complains that the defendant has neglected him and her household duties for other men, and, besides, he alleges, she neglected and refused to care for a child who, the plaintiff says, he had in his custody at the time of their marriage. Furthermore, Burton declares that the wife cursed and abused him, and even threatened to take his life.
